he main thing which contributes to it.

changed as to be rarely recognizable.

main in doors all day, with blinds drawn, and musour energy gradually wasting from disuse.

Canal street forms a beautiful promenade. Come. lidies, show us the lights of your beaming eyes more or the post's advice :

ow firm, to hardier, by just steps aspire The prudent, even in every moderate walk, At first but saunter, and, by slow degrees, increase their pace. This doctrine of the wise Well knows the master of the flying steed, First from the goal the managed coursers ply hended reins; as yet the skilful youth tepress their foaming pride; but every breath he race grows warmer, and the tempest swells, Till all their metal has its way, and the thick thunder hurries o'er the plain. When all at once from indolence to toil ou spring, the fibres by the hasty shock Are fired and cracked before their unctious coats, Compressed, can pour the lubricating balm,"

"A Witness as was a Witness."

described in the Spirit of the Times in a most fesaus manner : Professional engagements requirthe writer's presence in a Circuit Court which sthen in session in one of the villages of a midnd county of the " Empire State:" and during the m an incident occurred, which may be interesting tot useful to those legal gentlemen who are parto the study of the "laws of evidence." The be tried was one in which a question arose as to remal property, claimed to have been sold some time giously under an execution, and the plaintiff in ease called a witness to establish the fact of the the The following "evidence" was elicited on the sex unination of the witness: Question by Counsel--" Sir you say you attended

e sale on the execution spoken of. Did you keep e minutes of that sale ? Witness - " Don't know, sir, but I did; don't redet whether I kept the minutes, or the sheriff, or

ody, I think it was one of us." Counsel - Well, sir, will you tell me what artias were sold at the execution ?" Here the witness he-itated, not willing to coma bimself by going into particulars, until the pa-

ence of the counsel became exhausted, and he pressa special interrogatory. lounsel - Did you on that occasion sell a thresht machine ?"

Vitness-" Yes. I think we did." Counsel-"I wish you to be positive. Are you

itness - Can't say I am sure of it; and when me to think of it, I don't know as we did; think

ounsel - "Will you swear, then, that you did not iness-" No sir : don't think I would ; for I can't

whether we did er didn't. mase! — Did you sell a horse-power ?" thess-" Horse power !" ounsel -" Yes, horse-power !"

uness-" Horse-power! Well, it seems to me And then it seems to me we didn't. I don't NOW AS I can recollect whether I remember there Biny horse power there; and if there wasn't any te lean't say whether we sold it or not. but I tthink we did; though it may be, perhaps, that tread by his bedside, watch the dim eye, moisten the & Co lid after all. It's some time ago, and I don't parched lips. #10 say certainly."

you sell a fanning-mill Witness-Ves, sir, we sold a fanning-mill. I guess you are going home."

m sure of that." Munsel-" Well you swear to that, do you !tone thing, though I don't see it on the list." "Ress-"Why, I may be mistaken about it; and lt may be it was somebody else's 2 mill at some other time : not sure."

unsel (to the Court.) -- "I should like to know, It please the Court, what the witness does and what he is sure of." less (to Counsel)-Well, sir, I know one thing, joy of meeting those dear ones.

im sure of; and that is, that on that day we ther a threshing-machine, or a horse-power, or ing-will, or one, or all, or neither of them, but a know which !" A western paper says: "We are indeed a masters, they are all principals; no shop-

they are all assistants; no shops, they are all

ments; no servants, they are all 'helps;

its they are all governors; nobody is flogged lewell he merely receives the correction of use; nobody is ever unable to pay his debts, mly unable to meet his engagements; nobody Ey he is only excited: nobody is cross, he is EXES lived in a tub; but it does not happen to us that that is any powerful reason why ly else should "go and do likewise." We

hink he would have done it if he had been fent a house. If he were to come back now in the same way, we submit to our ablest 10 a prosecu ion under the vagrant law?

ana. The latest accounts state that all through county, sugar making is progressing rapidly, held of cane is abundant. Most of the grinhe over in less than a month, and, from the inuance of favorable weather, nearly double will be made than was at one time anticipabe cane generally is of a superior quality, and ar made will compare favorably with the best A of Louisiana.

How a Ship is Launched.

among the fashionable follies of the present day, we When a ship is building, her keel rests on a series Among the last deserves a severe condemnation than of blocks of wood placed about three feet apart, and that of associating vulgarity with robust health and she is supported on either side by pieces of timber. hat of associating the solicism to tell a young lady one end of each "shore," as these timbers are techodily excrement century that she looks remarkably nically termed, resting on the ground, and the other the nineteenth central delicacy being the standard of shoring up' the ship, or, in other words, keeping physical refinement. We shall not go the her from failing over sideways. The ordinary pracand the Donnell, the poet, does when he wishes for tice in building ships is to place the stern next the woman with " foot like a flounder and a waist like water, and the head of the ship up the yard, so that cotton sack :" but we do think that even this ex- the vessel shall go stern foremost into the river. a cotton sach better than its opposite—a foot like a When the launching time comes the ship requires to be released from all these supports and barriers, and The difficulty with our ladies is, they do not and it may interest the country reader at least to explain The united of take sufficient out-door exercise to fit them for how this is done. First of all, large beams of timwill not take standard the special obligations of their lives. It ber are placed lengthwise under each side of the scharging that with a large class of ladies, delicacy of ship, with a slight inclination towards the water ally is considered a more certain test of birth and end of them. These timbers are bolted to blocks of breeding than delicary of sentiment and feeling. wood in the ground, and they have other pieces of reshionable young laties—the poor hot-house victims timber bolted to the sides of them, so as to form a fashionable elucation—should remember that "ways" as the shipwrights say, or grooves, by a lashfolding the means of acquiring them, which the ship is to move into the water. The next for from being inimical, are the very best guides to process is to place another beam of timber on each and heartly which they themselves languish to obtain of these "ways," and to bolt smaller pieces of timthat heavily which they interested angular to only the ber upon them, which are fitted, but not fastened, to Monaghan county, Ireland, to an acquaintance of the ship's side, so as to form a kind of cradle in ours in this district, gives a remarkable instance of which the vessel is to rest, and which received the which the vessel is to rest, and which goes with the longevity. Owen Duffy, when one hundred and sixship into the water. The beams of timber fixed to teen years old. lost his second wife; he subsequently the blocks are plentifully greased with soft soap and married a third, by whom he has a son and daughwhich is anke consistent with the designs of the Creator. oil, to make the vessel move smoothly; and when all ter. His youngest son is two years, his eldest nine-Every physician can bear witness to the fact that is in readiness, the supports are knocked away, and two distributions and the fact that is in readiness, the supports are knocked away, and two distributions are knocked away, and the same are knocked away, and the same are knocked away, and two distributions are knocked away, and two distributions are knocked away, and the same are knocked away, and two distributions are knocked away, and the same are knocked away, and the same are knocked away, and two distributions are knocked away, and the same are knocked away, and two distributions are knocked away, and two distributions are knocked away, and the same are knocked away, and the same are knocked away, and the same are knocked away, and two distributions are knocked away, and the same are knocked away. Every physician can bear wintess to the lact that the ship glides into the water. The ship is libera- of age, and retains in much vigor the use of his mented by striking down her "daggers," which are the tal and corporeal faculties. He walks frequently to Very delicate constitutions, if not formed, are last hindrances to her taking the water. There is a the county town, a distance of some eight miles.— Wery delicate constitutions, it not formed, are in the least of the ship of the ship of the statement in these particutions of refinement in these particutions of refinement in these particutions of the least of the language time to the least of the language. Exercise in the open air is as necessary to the just at the head of the launching timbers, and is all exjoyment of life as food itself. Ladies shou'd simply a square piece of wood, placed in a slanting hear in mind that if they wish to preserve the beauty direction, one end of which rests against the fixed the complexion, that the stimulus of the solar light beams of timber which lie under the vessel, and the absolutly and indispensably necessary. So far is other end is placed against the cradle on which the his—as is generally supposed—from injuring it, it is ship rests. It is an honorable distinction in a shipbuilder's yard to knock down the daggers, and it is he main thing which continues to prived of light, become blanched-or etiolated, as it prentices. Underneath the dagger a small piece of is been called of late—and they acquire, at the same wood is placed on end, to prevent the dagger falling has been carried of late-and the fundamental matter. of itself; and a chisel is also driven into the This is shown in the common practice of blanching wood to keep the "tom," as it is called, in its Captain Parry found that the watercress he place. These are alike on both sides of the ship. mised during the Polar winter was devoid of all color; and, as it has been stated, it is the privilege of the and common plants, which have vegetated in mines or two eldest apprentices to take charge of this departin excavations deprived of solar sight, have been so ment. The real interest of ship launch is a brief

but exciting thing. It commences when the men This kind of blanching, or etiolation, has been lie along under the vessel to "give her a rally," that from which it appears that the population of Washfound in man, especially those who pass their lives in is to drive in a number of wedges to ease the ship ington is about 49,339. The number of buildings in dark places, such as mines, &c. These are useful off the blocks under her keel. A couple of hundred the city, including dwellings, shops, and public gaths, and should be well considered by ladies who men may be about the ship in this work, and at the buildings, amounts to 8.359; of these two hundred voice of the leading man, every one of them strikes and ten were built in the year 1849, three hundred his wedge, at the same instant gradually raising the and forty-one in 1850, five bundred and twenty-five ship, and producing a sound like muffled thunder .- in 1851, and six hundred and fifty four in 1852. The centre blocks are then removed, and the shores muently. Make it fashion ble to walk a great deal taken away from the side of the ship. The ship is a the open air, and our word for it, you will feel the now ready for launching, and the master shipbuilder and his friends stand on a platform at the head of mington District the office of Constable for the Upper Wilshe have not been accustomed to exerise much, let us the vessel. The men place themselves down each side of the "ways," the signal, "Out oakum," is given, and immediately the oakum, which has kept | Me respectfully present the name of JOHN GOWthe dust from the grease, is removed. "All out, AN, Esq., to the citizens of Wilmington as a candidate for sir," is the response. "Out keys," is the next com- the office of Special Magistrate. mand, and as quickly as as in the former case, the men remove some small pieces of wood, which have been placed down the ways to assure them that all continues true. Again the men respond, "All out. sir," and they hasten from the sides of the ship .-The whole interest is now in the daggers, both of which the master shipwright sees. "Out chisels," "Out small toms," "Down daggers," follow in ra-

Coming home! Sadly the worn Californian folds his arms and sinks back upon his fevered pillow .-- " What to him is his yellow gold! Oh, for one smile D. McRae & Co. of kindred! But that may not be. Lightly they

A pleasant face bends over him-a rough palm Munsel - Well, perhaps you can tell me this; gently pushing back the moist hair, and a familiar voice whispers " Cheer up, my friend, we are in port,

> The film falls from the sick man's eve. Home! is it near? Can he be most there? A thrill sends the blood circling through his limbs-what! Shall he see those dear eyes before the night of darkness settles down forever! Will his babes fold their little arms about him and press their cherry lips to his? What wonder if new vigor gathers in that manly chest? He feels strength in every nerve, strength to reach home-strength to bear the overwhelming Martin.

Coming home! The very words are rapturous. They bear import of everything sweet and holy in the domestic life-nay more, they are stamped with the seal of heaven, for the angels say of the dying saint, "He is coming home."

THE REORGANIZATION OF THE NAVY.—The National We elegant moral, transcendant people. We Intelligencer says that the bill proposing a re-organization of the navy, which was reported to the Senate on Monday last by Com. Stockton, from the committee Koy & Roberts. on naval affairs, contemplates making provision for the

following officers, viz: 20 commodores, 68 captains, 97 commanders, 50 lieutenant commandants, 325 first lieutenants, 205 second lieutenants, 69 surgeons, 34 passed assistant surgeons, 45 assistant surgeons, 64 pursers, 20 assistant pursers, 10 chief engineers, 19 first assistant engineers 29 second assistant engineers, 37 third assistant en gineers, 24 chaplains, 202 midshipmen, 41 boatswains McRae & Co.

45 gunners, 45 carpenters, and 38 sailmakers. The bill provides that when midshipmen have passed their examination and been assigned to the nava! service, they shall be commissioned as second lieutenthe question—would be not render himself ants, and that the number so assigned shall not exceed sixty in any one year. The bill proposes to retain the & Brown. twelve professors of mathematics and the nineteen mas-Sugar-planters in Texas appear to have been ters who are now in the service, but to prohibit here-Successful during the past season with those after any new appointment in either of these grades.

HE WELL DERERVES IT .- The New York Tribune's French correspondent, speaking about the preparations made by the authorities of the city of Agen to receive Louis Napoleon, says:

"Among other temporary structures with which they have decorated, their city was a splendid triumphal arch under which His Imperial Highness, was to make his entrance. At the top of the arch was the inscription, "He well deserves it," and right under, The Husband.—Governor Morris, if we may hanging to a rope, was an imperial crown. Things the testimony afforded by his treatment of stood thus when the wind began to blow somewhat his will, must have truly been the " Model violently; but just before his arrival the wind blew He was not one of your modern skinflints, away the hanging crown, and when the Prince passa wife's inheritance if she happens to ed under the arch, there only remained a big rope of For sale by a short he! Quite to the contrary. In his just above his head, with the inscription, "He well short time before his death, after settling deserves it." Gentlemen, this sentiment so well exwife a liberal allowance, he says:—"And pressed, I fully endorse, and it pronounces, too, my the connection of the man who, in a few weeks of the increased expenditures which will call himself and be called, the Emperor of the increased expenditures which will call himself and be called, the Emperor of the increased expenditures which will call himself and be called, the Emperor of the increased expenditures which will call himself and be called, the Emperor of the increased expenditures which will call himself and be called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called, the Emperor of the increased expenditures which will call himself and the called the contract the increased expenditures which will be called the contract the called F. ance.

The First Kiss. "Nay, ask me not-how could I bring My lips to rest on manhood's brow A maiden may not lightly fling Her timid nature off-and thou. Caressed as thou art wont to be,

What were a kiss of mine to thee? "And thou wouldst that I had press'd Another's cheek as soon as thine, Should I allow my lips to rest (Even lightly as on hollowed shrine The trembling lips of devotee) On thine, as pledge of love to thee."

But then some words of gentle sound Were whispered to the maiden's heart : She could not bear his love to wound-The hour had come when they must part; And she was young, and fond, and true; What could the gentle maiden do ?

The spell is broken-she has laid Her trembling lips against his cheek; On her's there is a deeper shade Of crimson, but she does not speak ; Her voice is hushed-her voice is still-'Tis given, half without her will.

A REMARKABLE MAN .- A gentleman writing from

Anderson (S. C.) Gazette. FAST YOUNG MEN.-It is stated that a failure took place last week in New York of a firm in the dry goods obbing trade, whose capital had been a year since \$12,000, and whose liabilities are \$390,000. The personal expenses of the two members of the firm are given at \$37,000 for eleven months, or three times the whole capital in the business. These persons were known as "very smart young men" to the trade, and were favorored by the older houses, from their supposed abilities to sell a large quantity of goods. This kind of " smartness" is generally all on the surface, and is prevalent (says a letter from New York,) to MATCHES.-50 Gross, just landed, without sulphur, for sale by WILKINSON & ESLER.

REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING JANUARY 20TH, 1853.

[We give prices in our table of actual sales by the quantity. When it is deemed necessary, we also make remarks as to the mode of sales. Those interested in the markets of dian this place, would do well to bear this in mind.]

Bacon .- The stock of North Carolina is very light, and the article comes in slowly. We note the sale of a small lot from wagon on Saturday last at 13 cents per lb. for hog round. There is a good demand, and parcels would meet with ready sale at 14c. for hams, 12 a 121 for middlings, and 12 cents for shoulders. The stock of Western is good, and sales dull at 9 to 91 cents for shoulders, and 101 to 11 cents for sides, from store.

BEEF CATTLE .-- But few arriving, and the stock in butchers' hands is light, and the article wanted. A prime article would bring highest quotations.

CORN.—The receipts this week have been rather better than for some time past, and the stock is now good, with a moderate demand. Sales of about 3,500 or 4,000 bushels at 60 cents per bushel.

advanced a shale on most brands. See table for store rates, as to quantity and quality. HAY .- The stock of Hay is fully sufficient for demand .-

ern make changed hands on Wednesday at \$1 40 per 100 | sale low, by lbs., with small parcels on market unsold. LARD .- The receipts of North Carolina continue light --We note small sale from wagon at 13 cents, and a lot per

railroad at 121 cents per lb. The stock of Western in store is only fair, and sells at quotations. LIME .- We note the receipts of a cargo of 711 casks from ness thereof; and such persons as have claims against them Lincolnville, which sold on Wednesday at 90 cents per eask, eash; and 300 easks from New York, a small parcel of which brought \$1 per cask, balance stored.

LUMBER .- Sales since last review of two rafts river floor ing boards at \$12 per M. Molasses .-- No receipts this week. Sales of former arrivals at 22 a 23 cents per gallon, in lots to suit.

NAVAL STORES-The Turpentine market has advanced still farther since last weekly review, with sales of 7,338 bar-

.....\$1 80 a 1 95 Idesticks and Fluid Lamps of superior quality, (no lead Friday 1,260 "..... 3 60 a 3 70 1 90 a 1 95 Monday 1,750 "..... 3 80 160 " hard 2 25 694 " hard

The market closed firm yesterday evening, with a good demand, and only about 500 bbls. offering. Lots of all hard Messrs. Martin & Cronly, on South Water street, six doors BOOTS, SHOES, BROGANS AND NEGRO CLOTH- bringing highest quotation for that article. Spirits Tur-PENTINE has also advanced. We note sales on Thursday of assortment of GROCERIES, LIQUORS and PROVIS-100 bbls. at 56c.; Friday, 150 do. at 57c.; Monday, 150 do. nesday there were no sales that we could hear of. The demand is brisk, and stock light. Sellers are firm in asking J FRESH SEEDS, comprising every variety usually call-ed for, raised and put up by the United Society of Shakers, and we note sales of only 400 bld. Commendation and we note sales of only 400 bbis. Common at \$1 15 per bbl. Sales of TAR at \$2 10 per bbl. Receipts light. PEAS.-The stock of Ground has pretty much all been

brought in, and the receipts are now confined to scattering lots. Sales have been made at 90 cents to \$1 05 per bushel. as to quality. The stock of Cow Peas is light, and a good demand. Sale of a small lot at 80 cents per bushel. PORK--Remains without change in price, with a fair stock of Northern. Fresh arrives slowly and sells at 8 a 9 cents per lb.

15 per bbl., for planting. See table for store rates. RICE .- No change in price, and stock light.

sacks Liverpool, which sold at \$1 25 per sack. Retailing from store at \$1 50 to \$1 60 per sack ; and 25 cents per bush- tershire Sauce, and Curry Powder, for energing the insides el for a u a. SHINGLES-Is in but little demand. Sales during the week of Common at \$2 50 per M.

STAVES and HEADINGS .- We hear of no receipts, and no demand. TIMBER-Remains about as last quoted, and we note sales during the week of 20 a 25 rafts at prices within quotations. See table.

fair amount of freight offering. Vessels plenty. NEW-BERNE, Jan. 14.-The receipts of Turpentine have not been as large as last week. Prices have considerably advanced, and sales of Dip have been made to-day at \$3 821. Scrape has during the week sold at the extraordinary price of \$2 85; sales in small lots at 2 75 a \$2 80. today \$2 821 is fully offered. Corn is firm, and prices will doubtless advance. Last sales were at \$2 50. Cotton.—Sales to day at 81 a 82c. Pork.—Sales at 61 a 7c.

BALTIMORE, Jan. 19- There were sales to-day of 700 bbls. Howard Street Flour, choice brands, at \$5 25. Nothing was done in City Mills Flour. It is generally held at \$5 25.

NEW YORK, Jan 18 -Sales of Cotton at le. sdvance. Flour is better—sules at \$5 50 a 5 53 for State, and \$5 683 a 5 75 for Southern and Genesse. Wheat-Sales of couthern white at \$1 27 a 1 28. Corfis-Sales at 75c. for mixed. Coffee—Sales of Rio at the Sugar—Sales of Orleans at 44 a 54c. Turpentine—Sales of II.000 bbls. rough on speculation at \$1 45 a 1 65, and 400 bbls. Spirits at 68c. Whiskey—sales at 254 a 26 cents. Pork—Sales at \$18 75 for Mess. and \$16 for Prime. Beef-Sales at \$13 25 a 13 50 for Mess, and Beef Hams at \$15 25 a 15 50. Hogs \$8 a 8 25. Butter

CHARLESTON, Jan. 18.—Cotton—There was a good demand for this article to-day at rather advancing prices.—The sales reached very nearly 1900 bales, at extremes ranging from 8 to 104c.

10 BBLS. SWEET CIDER, for sale by MekOY & MekOY & ROBERTS 10 KEGS GOSHEN BUTTER: 50 boxes Cheese, for McKOY & ROBERTS.

50 BOXES RAISINS, new crop; 40 dozen Pickles, for McKOY & ROBERTS. AND WARRANTS .- Don't sell until you see Scott & La Baldwin. They will pay for 160 acres, \$145; for 80 acres, \$75; for 40 acres, \$38. Any information respecting the procuring of warrants, we will give, and pay the highest eash prices for the Warrants. Jan. 20 -- [116-tf-20-tf] SCOTT & BALLWIN.

DOTATOES. 150 bbls. Irish Planting Potatoes, a superior article. For sale by MILES COSTIN. Dec. 30 Brown's wharves.

NEW GOODS. 40 BOXES Candy; 30 doz. London Porter; 10 kegs Goshen Butter; 10 hhds. Sugar; 5 bbls. refined leaf Lard; 20 boxes Tallow Candles; 12 bales N. C. Cotton Yarns, by the bale at mannufacturers prices, a supply of which we intend keeping constantly on hand. [ol5] McKOY & ROBELTS. will present them to him for settlement. W. C. HOWARD. W. N. PEDEN. Jan 1, 1853-991 BRANCH OF WHITEHURST'S GALLERY.

Every Day Chat. TOW beautiful they are; that is just like you, Miss II .; I I never saw anything more perfect; how distinct they all are; they seem to almost speak, though that is not wonderful. Whitehurst's Pictures speak for themselves in tene and finish. All who visit Whitehurst's Gallery, are struck with their beauty and life-like expressions. When it is known that we furnish such gems to our patrons, is it wonderful that our business is so rapidly increasing? Mr. Harrison, the skilful and experienced operator, is still at my Gallery in this city, and all who may favor him with a call, can be furnished with one or more of those fine Sky-light Daguerrotypes! Likeness taken equally well in all weather. 2 00 a 2 10 Remember, Whitehurst has the only Gallery in the City. B. F. HARRISON & CO.,
